Subject: Notice of File Closure, Hawkeye LLC, Multi-Colored Green Mine, S/027/0116, Millard County, Utah

Dear Mr. Jessop:

The referenced Notice of Intention to Conduct Small Mining Operations (Notice), located in Millard county, Utah, will now be closed and the file retired. The Division never received the necessary information to find the Notice complete, and the permit transfer associated with the Pitchfork Springs mine (S/027/0033) was denied in May 2012. A check in the amount of \$1000.00 for a portion of the reclamation surety was returned at that time.

This site was inspected on August 12, 2014, and it was determined that there had been no additional disturbance since reclamation occurred.

You are hereby released by the Division of Oil, Gas and Mining from further reclamation responsibilities at this site. If you wish to conduct any future mining or exploration related activity in this area, you will need to submit a new Notice of Intention to the Division and provide reclamation surety prior to creating any disturbance.

Please contact Peter Brinton at 801-538-5258 or me at 801-538-5261 if you have questions or concerns regarding this action.

Sincerely,

Paul B. Baker
Minerals Program Manager
